## **DATA NOTES:**

---

All data retrieved from A-Plus system maintained by Cayen Systems on September 22, 2008.

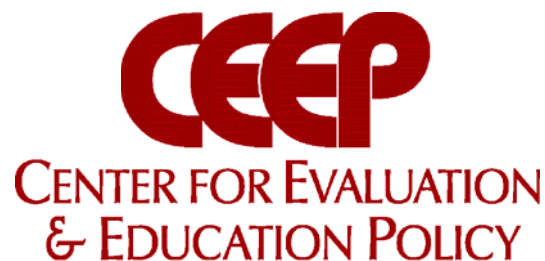

Site level data are compared to aggregate data for all KY 21<sup>st</sup> CCLC “Elementary School” or “Middle/High School” sites based on the proportion of student attendees in grades Pre-K through 5 and grades 6 through 12. “Elementary School” sites are those in which at least 50% of students served were in grades Pre-K through 5. “Middle/High” Sites are sites in which at least 50% of students served were in grades 6 through 12.

\*Calculated by summing all hours of each activity provided and dividing by total number of program weeks.

\*\*Calculated by summing the percent of students who increased their grade to any extent from the fall to spring grading periods.

\*\*\*Calculated by summing the percent of students who earned the highest grade possible in both fall and spring grading periods.

\*\*\*\*Calculated from Teacher Survey; represents the proportion of students who improved behavior relative to the number of students rated as needing to improve. Students rated by teachers as "no improvement needed" are excluded from these calculations.
