## DATA NOTES:

---

All data retrieved from Cayen Systems by December 2, 2013.

Site level data are compared to aggregate data for all KY 21<sup>st</sup> CCLC “Elementary School” or “Middle/High School” sites based on the proportion of student attendees in grades Pre-K through 6 and grades 7 through 12.

“Elementary School” sites are those in which at least 50% of students served were in grades Pre-K through 6. “Middle/High” Sites are sites in which at least 50% of students served were in grades 7 through 12.

“Struggling Regular Participants” were those who earned a fall grade of “C” or below in either math or reading.

\*The percent of students who earned the highest grade possible in both the fall and spring grading periods.

\*\*The percent of students who increased or decreased their grade to any extent from the fall to spring grading periods.

\*\*\*The percent of students who earned the same grade in both the fall and spring grading periods.

\*\*\*\*The Teacher Survey represents the proportion of students who improved behavior relative to the number of students rated as needing to improve. Students rated by teachers as "Did Not Need to Improve" are excluded from these calculations.

**NOTE:** Program Outcome data values of "--" indicate that less than 50% of student grades and/or teacher surveys were reported in Cayen.

- Reading grades were available for 98% of regular participants.
- Math grades were available for 98% of regular participants.
- Teacher Surveys were available for 100% of regular participants.
